

PRODUCT SPECIFICATION

RPLSIL 1400

A formulated 100% active antifoam compound containing finely dispersed silica to maximise its antifoam performance.

APPLICATIONS :
May be suitable as an antifoam in the following industries.
Petroleum, Cleaning products, Detergents.

APPEARANCE : Translucent odorless liquid

VISCOSITY : 2500 – 5500 cP @ 25 deg C

VOLATILE MATTER : 0 – 1.5 % max (150 deg C 24 hrs)

FLASH POINT : > 200 deg C

SOLUBILITY IN WATER : Insoluble

S.G :0.97-1.03

Amorphous Silica Content : 10-30%

Packaging 25kg,200kg,1000kg

Made under agreement for RPL P/L in Australia.

REV 20/7/02. Viscosity update
